

## Art Pictures From Snap-Shots

The beauty in most small pictures is over-looked on account of their size.

Make a bromide enlargement from a snap-shot and you frequently have a very beautiful and valuable picture, such as would bring a big price in an art store.

Bring you snap-shots here. A sepia enlargement doesn't cost much, and the result is bound to be gratifying.

## JACK JOHNSON GETS INTO ACTION

He Sparred Three Rounds With  
Lamphier Last Night  
at the Orpheum.

The moving pictures of the O'Brien-Burns 20-round heavyweight battle fought in Los Angeles were shown at the Orpheum last night before a crowd of five hundred people. The pictures were good but the electric current was all to the bad.

Jack Johnson, the famous colored pugilist gave an exhibition of shadow fighting during the evening.

Between rounds, Manager Joe Cohen announced that as no platform could be obtained for Johnson to punch the bag, an advertised attraction, he had agreed to give the public their money's worth by boxing three rounds with Jack Lamphier, champion of Calcutta, who arrived on the transport Logan, and give the spectators a chance to see a good man in action.

Lamphier was willing and after the pictures a rattling three-round exhibition bout was pulled off.

Johnson is marvelously clever for a big man and as quick as a cat. His physique is magnificent. Lamphier did his best but was in poor condition. After the bout Johnson complimented him upon his grit in going on with him at a minute's notice.

## PROMOTION BY SCHOOL PUPILS

In order to secure articles for publication in the way of promotion literature, Secretary Wood, of the Promotion Committee, has arranged for a series of contests among the pupils of the higher schools of the city. To the pupils of the High School he has offered a prize of \$5 for the best article descriptive of the plant life found within the High School grounds; through Bishop Restarick he has offered a like prize to the pupils of the Priory for the best article descriptive of the flowering plants and shrubs of Hawaii; the pupils of the St. Louis College are asked to compete for a prize with articles on the fruits of Hawaii, and the Kamehameha pupils with articles descriptive of the ancient and modern irrigation systems of the islands.

In each contest Mr. Wood has asked the right to use any or all of the articles submitted to him, his idea being to have these sent out for publication to various school publications throughout the mainland.

## CARD OF THANKS.

The Free Kindergarten and Children's Aid Association held its regular monthly meeting Friday morning, and although considerable time has elapsed since the production of "The Toy Shop," this was the first opportunity the ladies have had for publicly expressing their thanks to all who in any way contributed to the success of the operetta. To Miss Martin for her patient drilling of the children and her clever conducting of the performances; to the chaperones for their untiring assistance; to the parents who consented to allow their children to take part in the production; to Miss Hopper for her constant and patient work; to the orchestra which played so well; to Mrs. Frear and her bevy of attractive ushers; to Mrs. Fuller and her staff of helpers who sold tickets and those who assisted at the doors; to Mrs. Swanzy and Mrs. J. M. Dowsett and Mr. Frank Armstrong who solicited advertisements for the program; to the young ladies who sold them; to Mr. James Wilder who designed the cover; to Mrs. Boedefeld and all who so cleverly assisted in making the attractive posters; to all school teachers who aided in selecting clever children; to Mr. Dunn and his helpers; to those who assisted in making up the actors; to the public who attended so generously; to the press for the many courtesies; to Mr. Hoogs for his assistance at the Opera House and to Mr. Wall for his patience at the box office. Especially are the ladies grateful to the children and the "grown ups" in the cast for their hard and incessant work and for their personal interest in the affair which added so materially to the success of the operetta.

## Electro-Vigor Gives Strength

Here is the way to get back your vigor, to cure the "come and go" pains and aches in your back and shoulders, to make yourself strong and active, full of life and courage.

Electro-Vigor cures while you sleep. You feel the glowing current carrying vigor into every organ. It saves doctors' bills and makes a man feel like a man again.

Send for our 100-page book, illustrated with photographs of fully developed men and women. It's free if you will inclose this ad.

## THE MARDI GRAS MAY BE REVIVED THIS WINTER

The gay revels of the Mardi Gras held on the night of February 19, 1901, in the old Drill Shed, have not been forgotten and will be revived again on or about the evening of Washington's birthday, if the present plan of the Kilo-hana Art League holds. At a recent meeting of the League it was decided to repeat the Mardi Gras.

The Mardi Gras in 1901 was one of the gayest society functions ever held in the Hawaiian capital. All society turned out either in costumes for the revels or witnessed them from the beautifully decorated boxes. It was an occasion which gave opportunity for the display of magnificent gowns, to which dressmakers and the stores gave their best. Over \$25,000 worth of tickets were sold for the Mardi Gras.

Princess Kawananakoa was the Princess of the Carnival and Mr. J. Tarn McGrew the escort Prince. Major George C. Potter was the Master of Ceremonies and Alan Dunn, in cap and bells, was the jester. The carnival court was truly regal in the display of beauty with the accompaniment of silks and lace and jewels. The throne on which their majesties sat was of handsome design. Near their Carnival Majesties sat Liliuokalani, former Queen of Hawaii, her box decorated with the Royal standard of Hawaii.

Following was the list of patronesses at that time: Mrs. S. M. Damon, (chairman); Mesdames P. Isenberg, Sr., E. K. Wilder, G. P. Wilder, J. B. Castle, Allen White, A. M. Turner, M. Widdifield, F. A. Schaefer, T. R. Walker, F. M. Hatch, M. M. Estee, Capt. Slaker, P. Neumann, W. C. Wilder, Jas. Campbell, C. P. Pond, M. Phillips, W. Hoffmann, R. Lewers, H. E. Cooper, E. W. Jordan, M. M. Scott, T. May, A. T. Atkinson, A. M. Brown, J. T. McDonald, A. G. Hawes, J. S. Walker, H. Mott-Smith, H. F. Wichman, Harry Lewis, George Herbert, T. W. Hobron, W. F. Frear, J. M. Dowsett, J. C. Spencer, Dr. Meyers, S. C. Allen and S. Parker.

The executive committee comprised: Mrs. W. M. Graham, (chairman); Mesdames C. B. Cooper, G. P. Wilder, S. E. Damon, C. A. Elston, A. H. Isenberg, E. D. Tenney, A. G. Hawes, M. Widdifield, S. M. Damon, A. Fuller and J. S. Walker.

The judges to award prizes were: Mrs. A. H. Isenberg, (chairman); D. H. Hitchcock, F. M. Swanzy, J. Tucker, J. R. Galt and S. M. Damon.

Dr. M. E. Grossman was floor manager, assisted by Frank Armstrong, S. A. Walker, Geo. Fuller, W. W. Harris and Fred Angus.

## CAN STOP GAMBLING

(Continued from Page One.)

dent of Honolulu have been charged extortionate rates of interest for sums borrowed by them. While the grand jury feels justified in making the above statement, yet the evidence necessary to convict the parties loaning money at such extortionate rates seems to be impossible of procurement, and, owing to the Federal bankruptcy act and recent legislation passed by the Territorial Legislature, rigorously enforced by the proper officials, this evil, we may say, has practically disappeared.

The grand jury begs leave to report further that, under the guise of pawnbroking licenses, persons holding such licenses, instead of carrying on and operating a pawnbroking business, are, as a matter of fact, conducting the business of buying and selling second-hand articles, whereby they are able to defeat the restrictions of the law regarding usurious rates of interest. The method is that a person desiring a loan, instead of pawning the article, sells the same outright, with an option to repurchase within a short period of time, at a sum greatly in excess of the amount loaned. This represents in many cases the actual payment of interest by the person selling the article of 150 per cent, and over annually. This grand jury believes that under existing conditions a business carried on strictly within the provisions of the pawnbroking act would not be profitable in Honolulu.

## DEBENTURE AND SO-CALLED CO- OPERATIVE INVESTMENT COMPANIES.

Complaint having come to this grand jury of the condition and methods of the Hawaiian Realty and Maturity Company and the Cooperative Home Purchasing Society, it made a thorough investigation and obtained full reports on their present condition, with the result that a most unsatisfactory state of affairs was found to exist. These two companies have been referred to the Attorney General's Department for such action as may be deemed proper.

## FIRE ESCAPES.

The grand jury recommends the passage of an act by the Territorial Legislature providing for proper fire escapes to be installed in or upon buildings where the same may be necessary for the protection of life.

## INSANE ASYLUM.

The inmates of this institution are properly cared for as far as possible with the means at the command of the superintendent. We find that mentally deranged patients on transports en route from the Philippines are being discharged and sent to this asylum, thus unduly taxing its resources. It seems to the grand jury that the Federal government should bear the expense of caring for these patients.

We recommend that the dormitories and sleeping rooms be made mosquito-proof, considering this to be absolutely necessary for the comfort and good health of the inmates. We recommend that a committee of the Legislature thoroughly investigate this asylum, particularly in regard to the wages paid, the method of commitment of the patients, and generally for the further improvement of the institution itself. This jury advises the enactment of a law providing for the appointment of a board of physicians, whose duty it shall be to meet at the asylum twice a month, or oftener if necessary, for consultation with the superintendent regarding the care and treatment of the patients.

## OAHU PRISON.

The Territorial prison was thoroughly inspected and found in good order. The food good, well cooked and sufficient. The premises clean and sanitary. We recommend legislation providing for suitable work for prisoners committed for misdemeanor. There is need of a new roof on the old prison building. There should be concrete floors to replace the old wooden floor. We recommend the establishment of a hospital for criminals afflicted with infectious or contagious diseases. At present there are four cases of pulmonary tuberculosis in the prison and there is great danger of this disease contaminating healthy prisoners.

## POLICE STATION.

The police station was visited by the

grand jury, who found the premises clean and sanitary, but the building much in need of renovation. We suggest that a plan be adopted for the confinement of female and juvenile prisoners at as great a distance as possible from the males.

## GIRLS' INDUSTRIAL SCHOOL.

We highly praise the present efficient management of this institution, there being much to commend. We find these buildings in need of general repairs and recommend increased appropriation for that purpose. Girls sent to this institution should be given longer terms of commitment, for the reason that light sentences release them before they can receive substantial benefit from the instruction and discipline which this place affords. We recommend the establishment of a system of rewards for good conduct and that a portion of the earnings of the institution be devoted to this purpose.

Dated January 4, 1907.

## J. A. MAGOON VINDICATED

(Continued from Page One.)

there was nothing left for the Government to do but to proceed and sell the property. It was a well-established principle of law that the Government must live. It could only survive by exercise of its power of taxation.

No court was worthy of its name or fit to discharge its duties if it decided otherwise than by the law and facts before it. Maile had the matter in his own hands. There had not been a whisper in the case about any illegality in the assessment of his taxes. Then even though, as he viewed it, he was not legally served that fact did not help the matter. Maile still owed his taxes. It seemed he was captious and technical.

There was no collusion between any of the parties. In answer to Mr. Ashford, the court said it was inclined to regard the service as having been legal. Maile was not clear on the point, saying he thought he only saw one paper. He found that the evidence established a proper service.

## SEND FOR My Market Letter

You probably know that Goldfield, Nevada, is the greatest mining camp the world has ever known. One mine, the Mohawk, produced \$2,000,000 in 106 days. I advised everybody to buy it at \$1 a share. It has since sold up to \$20. Fortunes have been made in the Goldfield stocks. In the next few months we are going to see a greater boom than ever and more fortunes will be made. To know what is doing you will have to read my market letter. I get my information direct from my Goldfield office. One customer of mine made \$16,000 in three months. You can do as well if you have the right information. Send me your name and address and I will advise you. It costs you nothing. Address:

## Old Planters

The Hawaiian Gazette Co. has, at considerable expense, succeeded in completing a limited number of sets of Planters' Monthlies from Vol. 1 of 1882 up to the first of the present year.

Of the earlier numbers, long since out of print, many issues were entirely exhausted, making it necessary to reset and reprint all such numbers, thus adding materially to the cost. This extra expense was more than justified, however, by the valuable nature of much of the matter contained in these old numbers, matter that cannot be found elsewhere than in these books and that is valuable really beyond price to the plantation interests.

These Planters are uniformly bound in full law sheep, giving them an attractive appearance in addition to their durability.

Anyone desiring a complete set, or any part of a set, would do well to communicate with the Gazette Co. at an early date, as there are but very few sets available at the present time, and in order to complete more sets it will be necessary to reset and print more back numbers, thus increasing the cost still more.
